Aug 1, 2024

Dr. Patti Hill
International President 2023-2024
Lions International

Sincerely,

To whom it may concern,

I am pleased to write this letter to highlight the exceptional performance of Armando Rodriguez Bermudez District Governor 51 E 2023-2024 during their tenure as governor. I had the privilege of closely observing their dedication and commitment to public service, and I can attest that their leadership was exemplary and beneficial to the community.

Furthermore, I want to confirm that their work as the executive director of our clinic not only remained unaffected but also resulted in positive actions that have significantly improved our services and patient satisfaction. Their ability to balance both responsibilities is truly admirable and worthy of recognition.

As a great leader, Armando Rodriguez Bermudez possess a combination of several key qualities that enable him to inspire and guide others effectively. Here are some of the most important ones:

- **Service**
- Creativity
- Accountability
- Transparency
- Delegation
- Compassion
- Empathy
- Confidence

Leaders like him are next-generation leaders who masterfully navigate the international landscape, create cross-cultural connections, and foster the growth of Lions Club International and communities around the world.

For the above, I am nominating the Immediate Past District Governor District 51E, Armando Rodríguez Bermúdez, to be awarded the International Leadership Award and the Presidential Award.

Ismael Rodríguez Rivera, MD
Internal Medicine
